The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

<b>Code Number</b>	<b>Description of Violation</b>	<b>Correct By</b>
4-702.11	The chemical setup at the warewash sinks are set up with the sanitizer and the detergent going into the wrong sink basins. The sink setup is as follows; the far right sink is the handwash and the pre-wash sink, the next sink over is the wash sink and is to be filled with detergent, the next sink over is the rinse sink and is to be filled with clear rinse water, lastly, the far left sink is to be filled with sanitizer for sanitizing. Have the chemicals tube replaced so that the appropriate chemicals go into the appropriate sink basins.	6/19/2008

7-201.11

A spray bottle of sanitizer was stored on the counter surface near the grill.  
All chemicals must be stored in a designated location away from and below  
all food or food contact surfaces. Remove the sanitizer and instruct all  
employees on the proper storage of chemical products.

**Notes:**

Post the original State issued certified food manager certificate on site.

Recaulk the handsink/wall junction of the handsink located near the grill.

Ensure that the air gap at the ice machine in the back is maintained at all times.

Clean the end of the waste drain of the ice bin located in the front, behind the registers.

Post hand wash signage in both restrooms.

Obtain keys so that all locked doors may be open. I will need to get into the locked room in the back where the buns are stored.
